Title 47: Telecommunication

Part 80-STATIONS IN THE MARITIME SERVICES

§80.1061 Special requirements for 406.0-  
406.1 MHz EPIRB stations.

- (e)... The programming of an EPIRB for use in the U.S. may incorporate any protocol allowed in Annex A of the Cospas-Sarsat document T.001, with the exception of those using ship station identifications of MMSI numbers or Radio Call Signs.
